COURSE METHODOLOGY

During the course, the following activities are envisaged

- 30 contact hours of interactive lectures;
- 24 hours for seminar and student papers;
- 24 hours of pedagogical workshops;
- 10 hours of research;

Lectures according to the established schedule with the use of modern presentation and demonstration tools and techniques with the application of interactive methods of working with students, which provides insight into their prior knowledge and specific experiences based on the issues, but also insight into the continuity of mastering the material.

Use of didactic and **educational content in electronic and digital form** (which includes recorded lectures and mentoring exercises) on various video presentation media (video tapes, interactive multimedia optical media).

Application of **information and communication technologies (ICT)** that enable students through Computer

Assisted Learning & Research to achieve an active relationship in the process of acquiring knowledge with the help of computer and communication technology, to achieve deeper interaction with teaching content and application of research techniques the very process of acquiring knowledge.

Performing exercises intended for acquiring practical skills and elaborating practical aspects of basic topics. As specific forms of exercises, **repeaters** are used where assistants/demonstrators prepare students for the exam by offering them a concise overview of the main points of a particular subject.

Pedagogical workshops in which the contents related to certain topics are presented in the form of a specific problem whose solution should be offered through individual and group interaction.

Different innovative types of pedagogical workshops are applied at the university, such as specific **case-study** analysis workshops, as well as **psychological workshops** designed to deepen and develop students' interpersonal and intrapersonal abilities and skills.

STUDENT EVALUATION

No.	Evaluation type	Partial/ Final	Optional/ Mandatory	Perc. of part.
01	Participation in contact work - interaction in lectures	Pre-exam obligation	Mandatory	50 %
02	Exam activities - final (oral exam)	Final	Mandatory	50 %
03				
04
