

## SURVEY

### ASSESSMENT OF THE STUDY PROGRAM AND ORGANIZATION OF STUDIES

**This poll is anonymous.** It consists of two parts. The first part deals with the basic questions regarding the status of a student, and the second one includes questions related to your study program and the organization of studies. The student expresses his opinion and gives a grade for the study program as a whole and not for individual subjects or individual parts of the study program.

You should express your opinion in the form of the degree of agreement / disagreement with the points expressed, or by giving the grade in the gradations ranging from 1 (the lowest value) to 5 (the highest value).

Please select the numerical value of the grade which in your opinion best corresponds to the degree of fulfillment of the conditions in the question asked.
